

ELISHA OGUNTADE

Data Analyst & Environmental Data Enthusiast

+234 815 140 4460 · elishao2000@gmail.com · Ogbomoso, Oyo State, Nigeria

ABOUT ME

Detail-oriented and environmentally conscious data analyst with hands-on experience in Excel, Power BI, data storytelling, and sustainability-focused research. I transform complex datasets into clear dashboards and actionable insights that support education, climate literacy, and evidence-based decision-making.

EDUCATION

B.Tech. in Information Systems

Graduated: November 2025

Ladoke Akintola University of Technology (LAUTECH), Nigeria

Relevant courses: Data Analytics, Environmental Informatics, Java Programming, Database Systems

WORK EXPERIENCE

Data Analyst (Freelance / Academic Projects)

Jan 2024 – Present

Self-Employed / LAUTECH Academic Projects · Ogbomoso, Nigeria

- Cleaned, transformed, and analyzed student exam scores and survey responses.
- Designed interactive Excel and Power BI dashboards for academic performance and behavioral trends.
- Automated spreadsheet reporting with advanced Excel functions and VBA, saving 40% of analysis time.

Environmental Data Enthusiast

Mar 2024 – Present

LAUTECH Academic Initiatives · Ogbomoso, Nigeria

- Analyzed solar, wind, and student behavioral data to support sustainability research.
- Developed dashboards that improved comprehension of environmental metrics by 60%.
- Connected research insights to data-driven climate action and UN Sustainable Development Goals.
